IMPORTANT INFORMATION FOR INVESTORS

This is a marketing communication. Investors should read the prospectus and product highlights sheet ("PHS") – available in English at www.foord.com – and seek professional advice or consider investment suitability before investing in the fund. This document is not an advertisement but is provided for information purposes and should not be regarded as an offer or solicitation to purchase, sell or otherwise deal in the fund.

Collective investment scheme in securities are generally medium to long term investments. Foord does not guarantee the capital invested or the performance of the investment. The portfolio includes qualifying investments listed on regulated exchanges outside the fund's domicile that carry risks as described in the prospectus, including the possibility of non-recoverable withholding taxes and non-repatriation of funds. Investment values and some costs may fluctuate because of factors including but not limited to currency exchange rates that can be affected by a wide range of economic factors.

Economic forecasts and predictions are based on Foord's interpretation of current factual information, and exploration of economic activity based on expectation for future growth under normal economic conditions, not dissimilar to previous cycles. Forecasts and commentaries are provided for information purposes only and are not guaranteed to occur.

While we have taken and will continue to take care that the information contained herein is true and correct, we do not guarantee the accuracy, timeliness or completeness of the information provided, and therefore disclaim any liability, damage (whether direct or consequential) or expense suffered as a result of reliance on the information.

ANNUALISED COST RATIO %

	12 MONTHS	36 MONTHS
TER – Basic	0.91	0.91
– Performance	0.00	0.00
Transaction costs	0.08	0.09
Total investment charge	0.99	1.00

A TER is a measure of a portfolio's annual expenses, fees and charges, expressed as a percentage of the average value of the portfolio. A higher TER does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER cannot be regarded as an indication of future TERs. The latest audited TER is 0.91%. The quantum of transaction costs is affected by the quantum of the gross in and outflows over the period presented. A schedule of fees and charges is disclosed in the prospectus or PHS, which are available on request.

PERFORMANCE FEES

Performance fees align investor and manager return objectives by rewarding the manager for outperformance. A performance fee is chargeable only when the portfolio performance exceeds the benchmark and the high-water mark ("HWM") is exceeded. Should the portfolio underperform it must first recover the underperformance since the last HWM before performance fees are payable. The performance fee is calculated and accrued on a daily basis. If the performance conditions are no longer satisfied, all performance fees previously accrued during that accounting period (calendar year) are reversed. This is illustrated in the performance fee examples below:

END OF ACCOUNTING PERIOD	PERIOD 1	PERIOD 2	PERIOD 3	PERIOD 4
NAV per unit	10.50	9.99	10.38	10.99
Benchmark index value	10.60	10.12	10.22	10.63
High-water mark (HWM) [#]	10.00	10.50	10.50	10.50
Is NAV per unit above the HWM	Yes	No	No	Yes
Unit class performance ^{##}	5.00%	-4.86%	-1.14%	4.67%
Benchmark performance ^{##}	6.00%	-4.53%	-3.58%	0.28%
Over/(under) performance	-1.00%	-0.33%	2.44%	4.38%
Performance fee rate	-	-	-	0.66% [4.38% x 15%]

[#] Inception price of \$10

^{##} Performance return since HWM was last set/reset at Period 1

Included in the TER disclosure is performance fee for outperforming the benchmark. Subject to an overall minimum, the annual fee may be increased by the performance fee calculated with reference to the high-water mark, outperformance and the performance fee sharing rate.

UNIT PRICING AND TRANSACTIONS

Units will be issued or realised on a forward pricing basis only on Dealing Day (as defined in the prospectus) and calculated on the net asset value ("NAV") represented by one share. Prices are published on www.foord.com within two business days after the relevant Dealing Day. All dealing application requests must be received before 16h00 (Central European time) on each Dealing Day.
